Ne bougez  
l'échograph  
va commenç

# **ECHOGRAPHIE:**

- **ce qu'il faut en attendre**
- **ses pièges**
- **ses limites**

# Consultation anténatale

## 3 Phases:

- L'annonce
- Le choc
- L'information

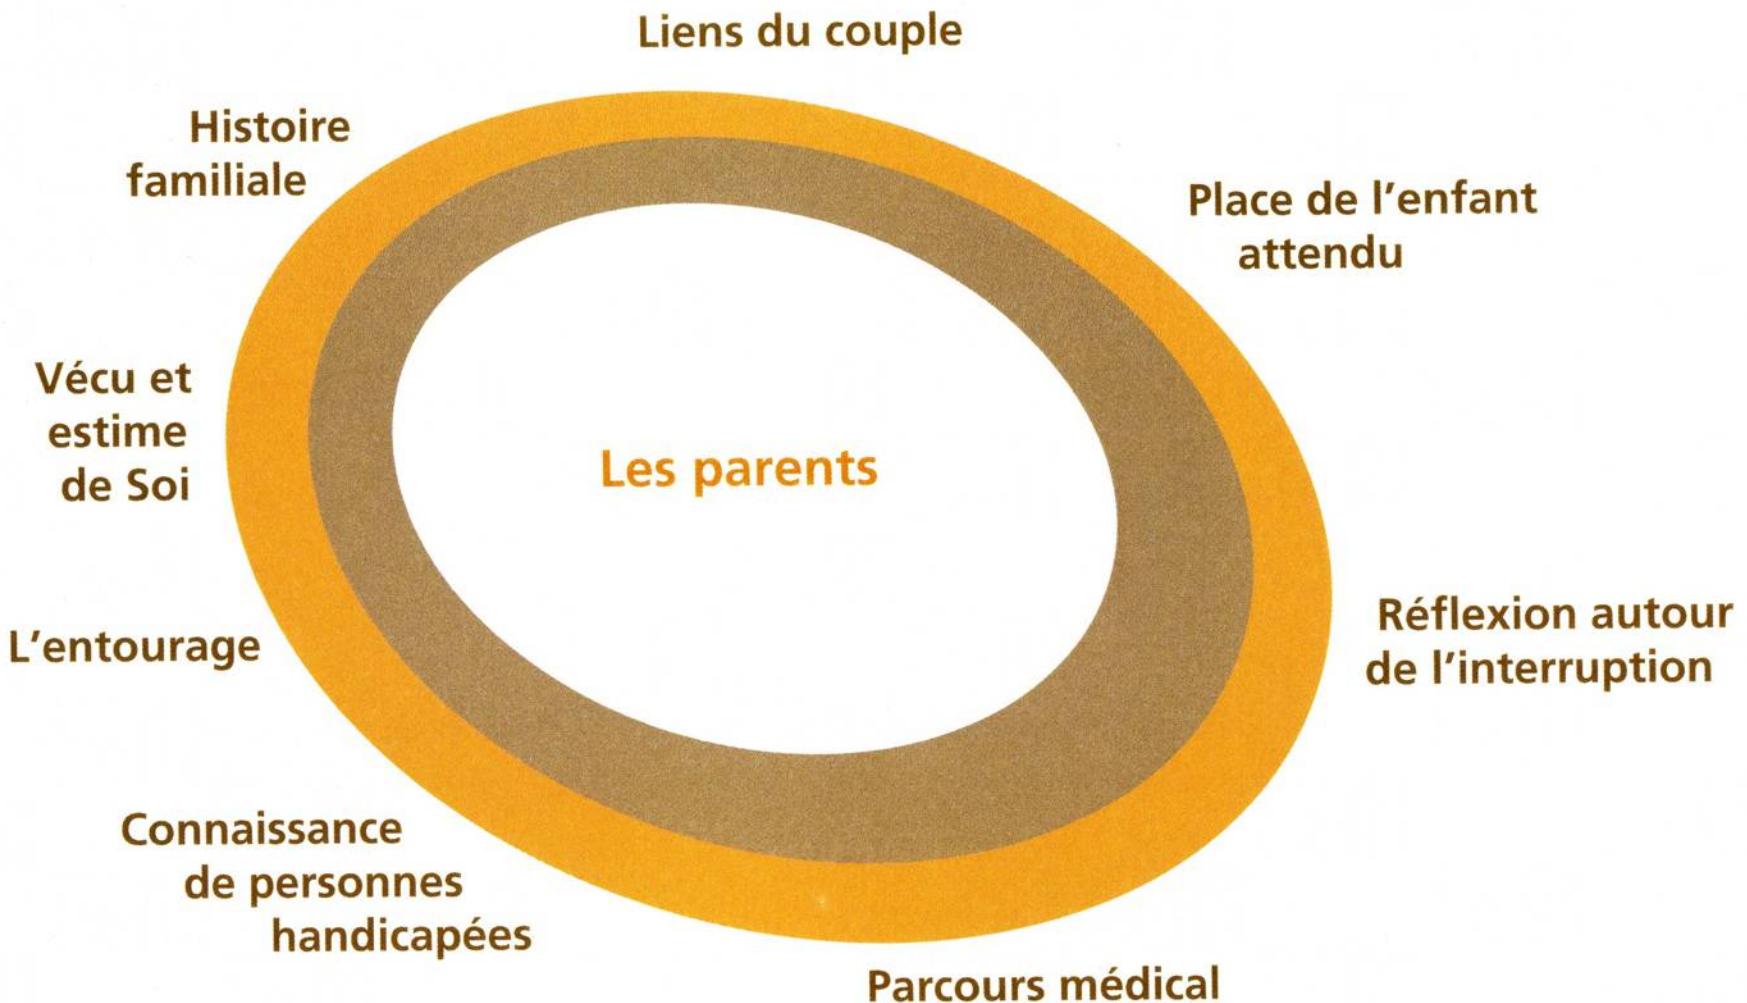

**Attitude  
de l'annonceur**

**Mots  
dits**

**Choc de  
l'annonce**

**Temps accordé  
par l'annonceur**

**Organisation  
de l'accompagnement médical**

... curable

... exceptionnelle gravité

- ✓ Réflexion sur les caractéristiques de l'enfant à naître
- ✓ Participation à la décision des parents

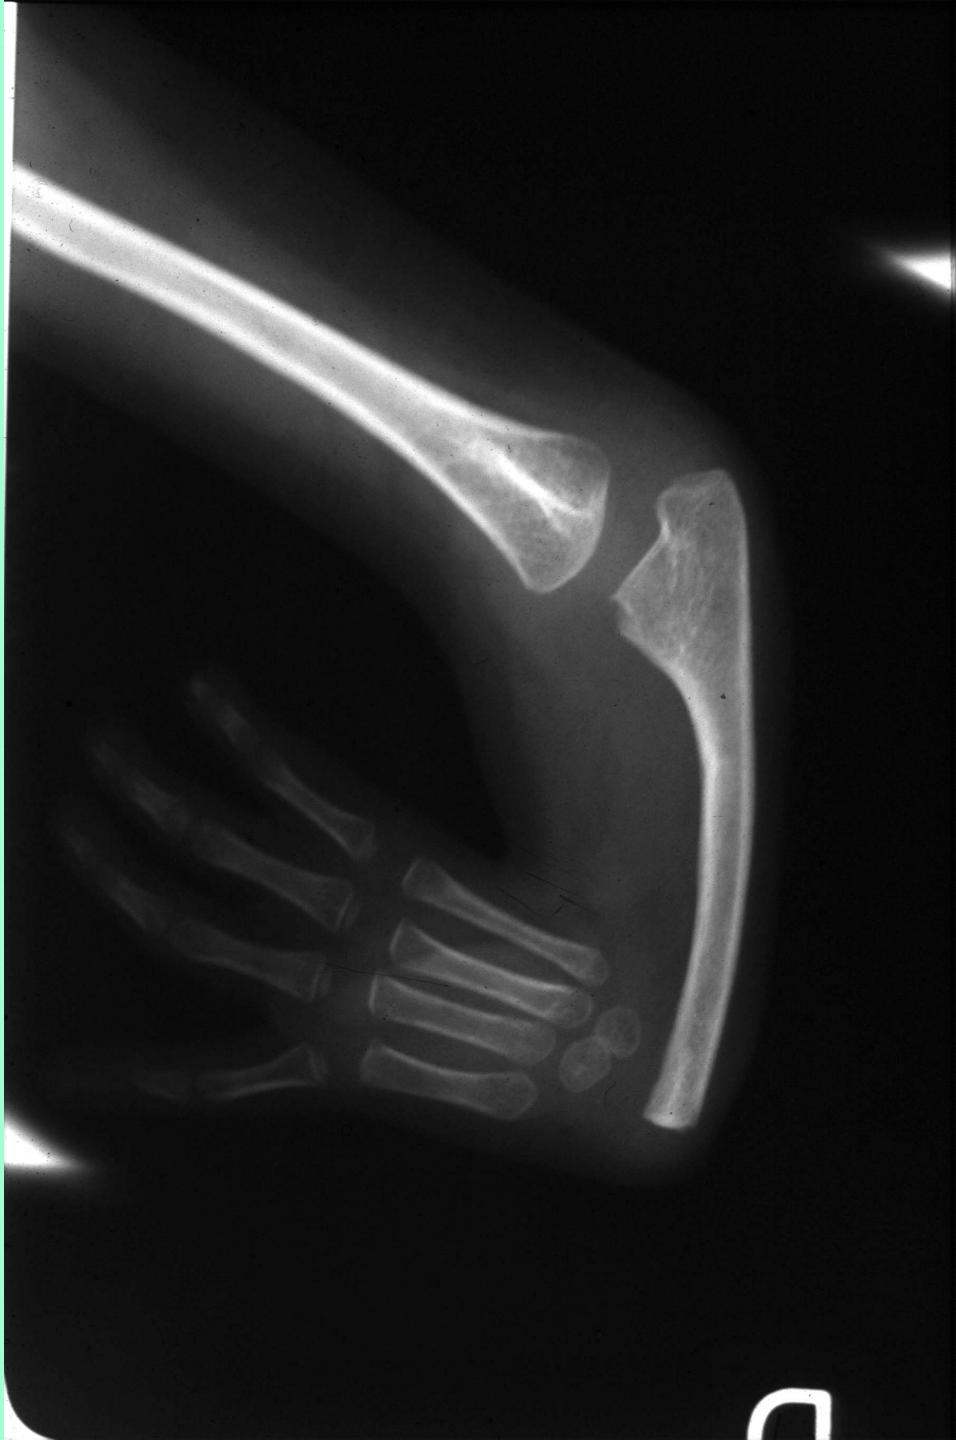

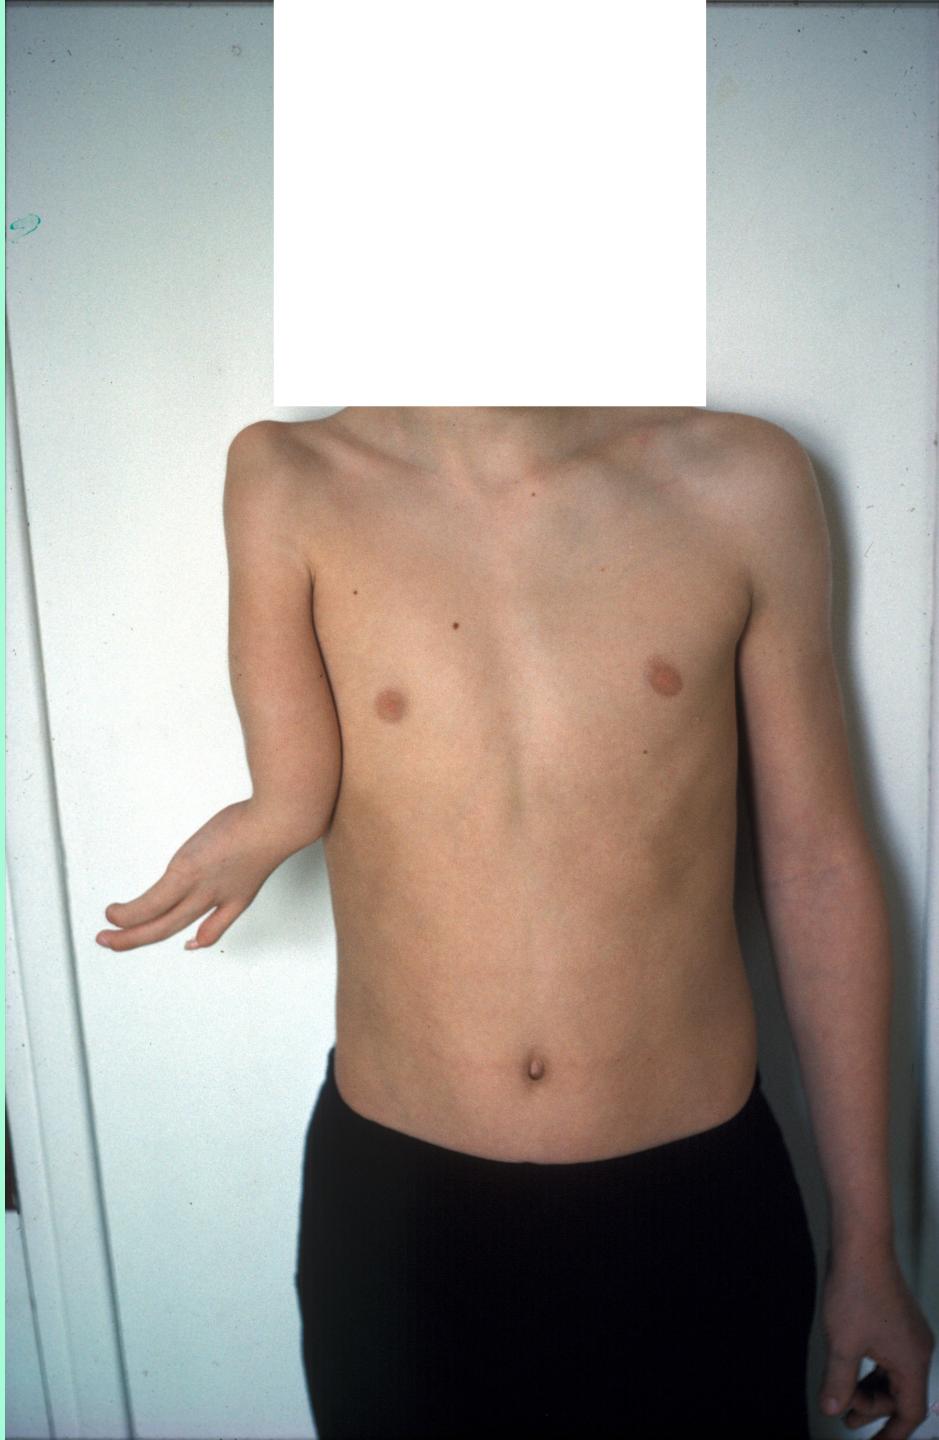

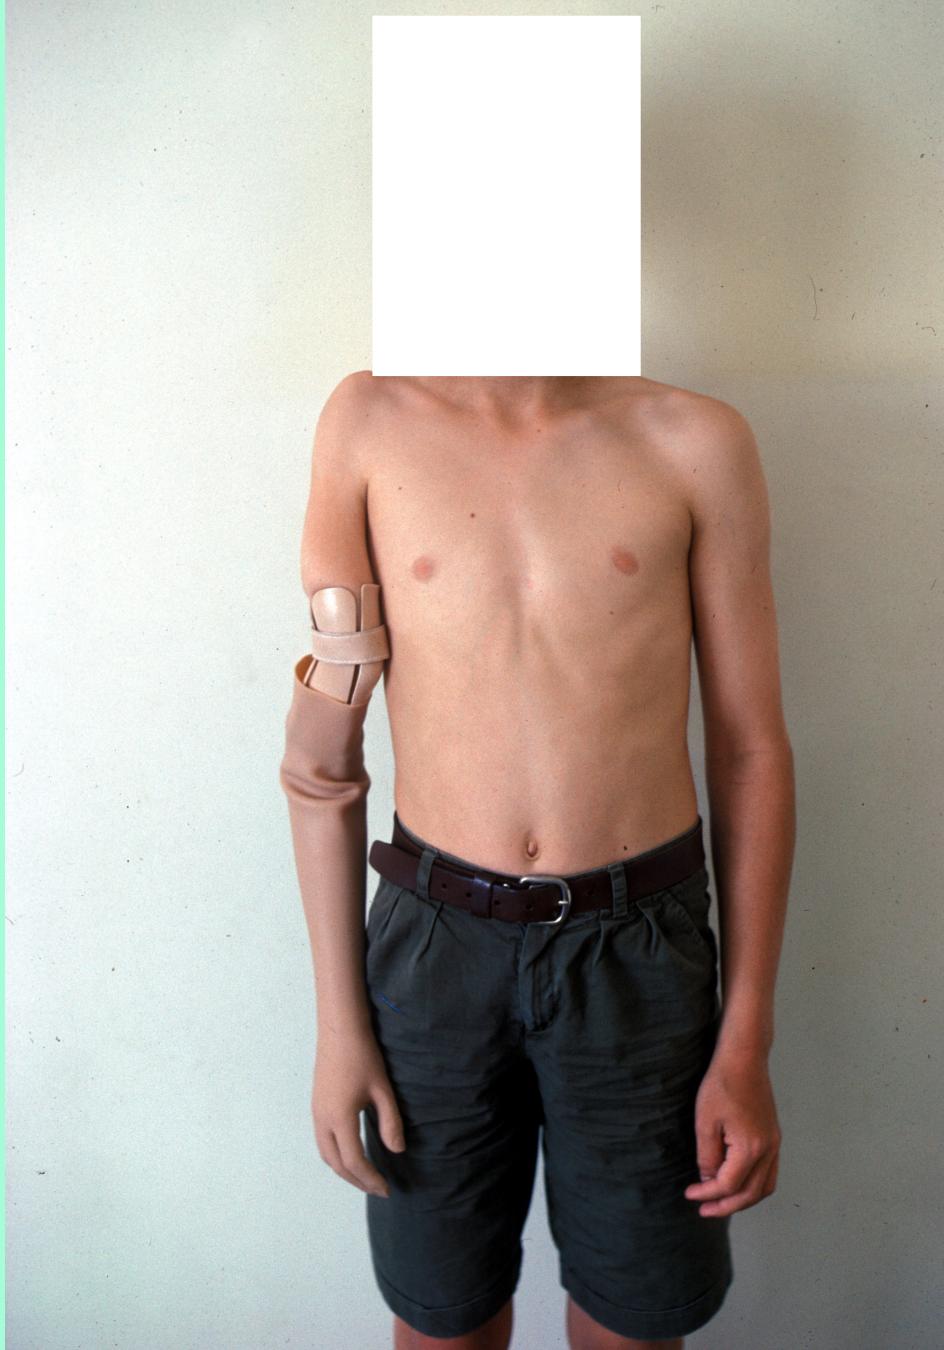

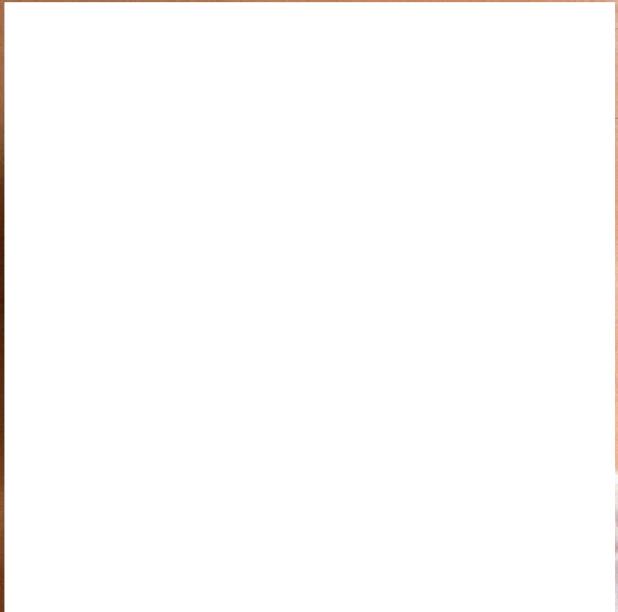

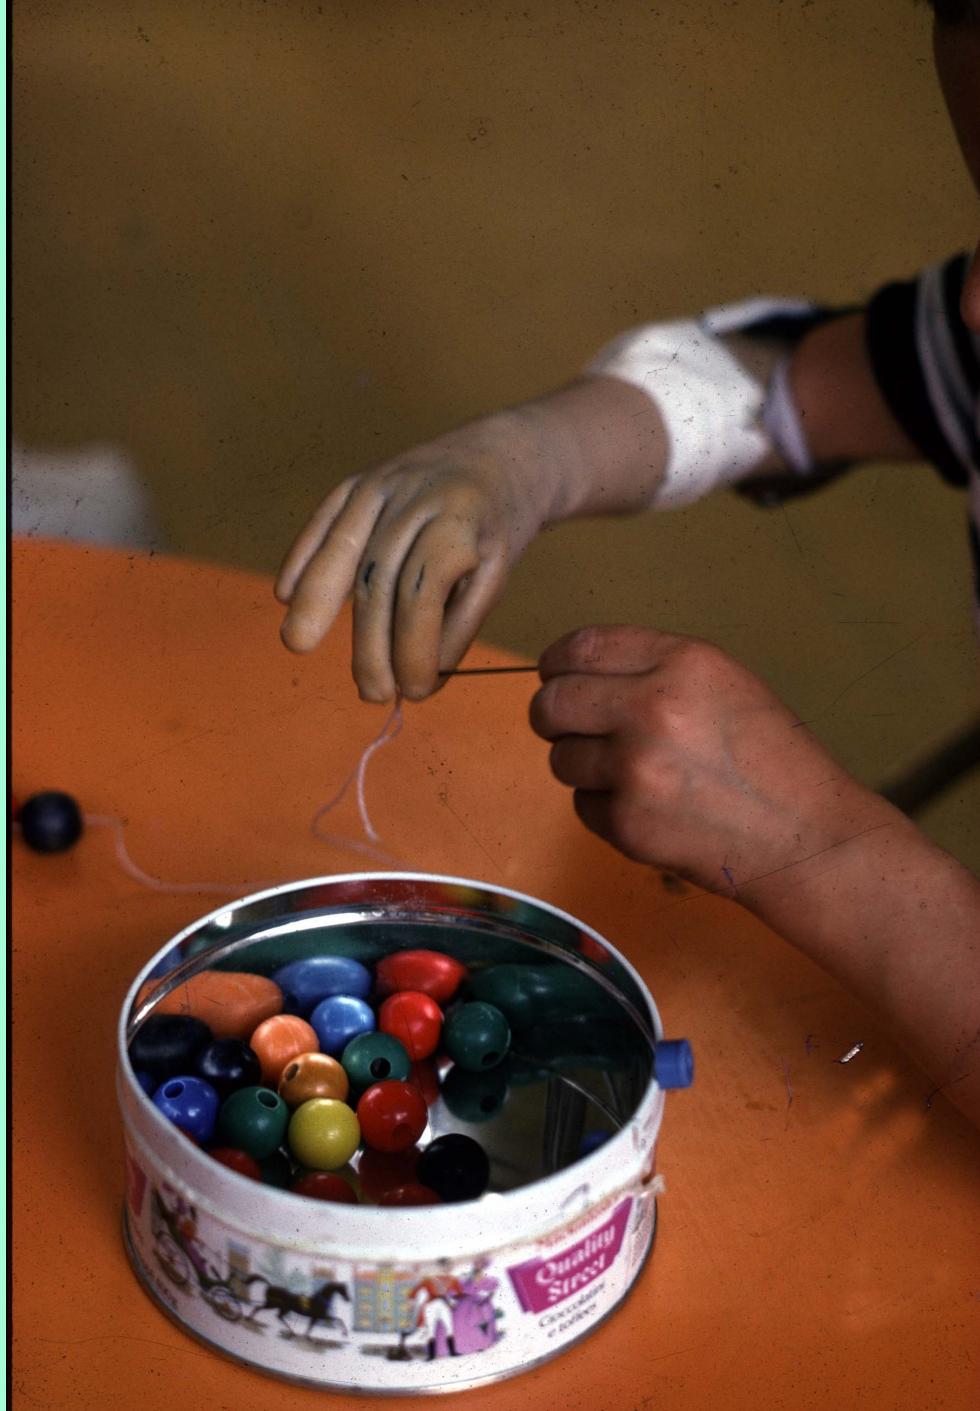

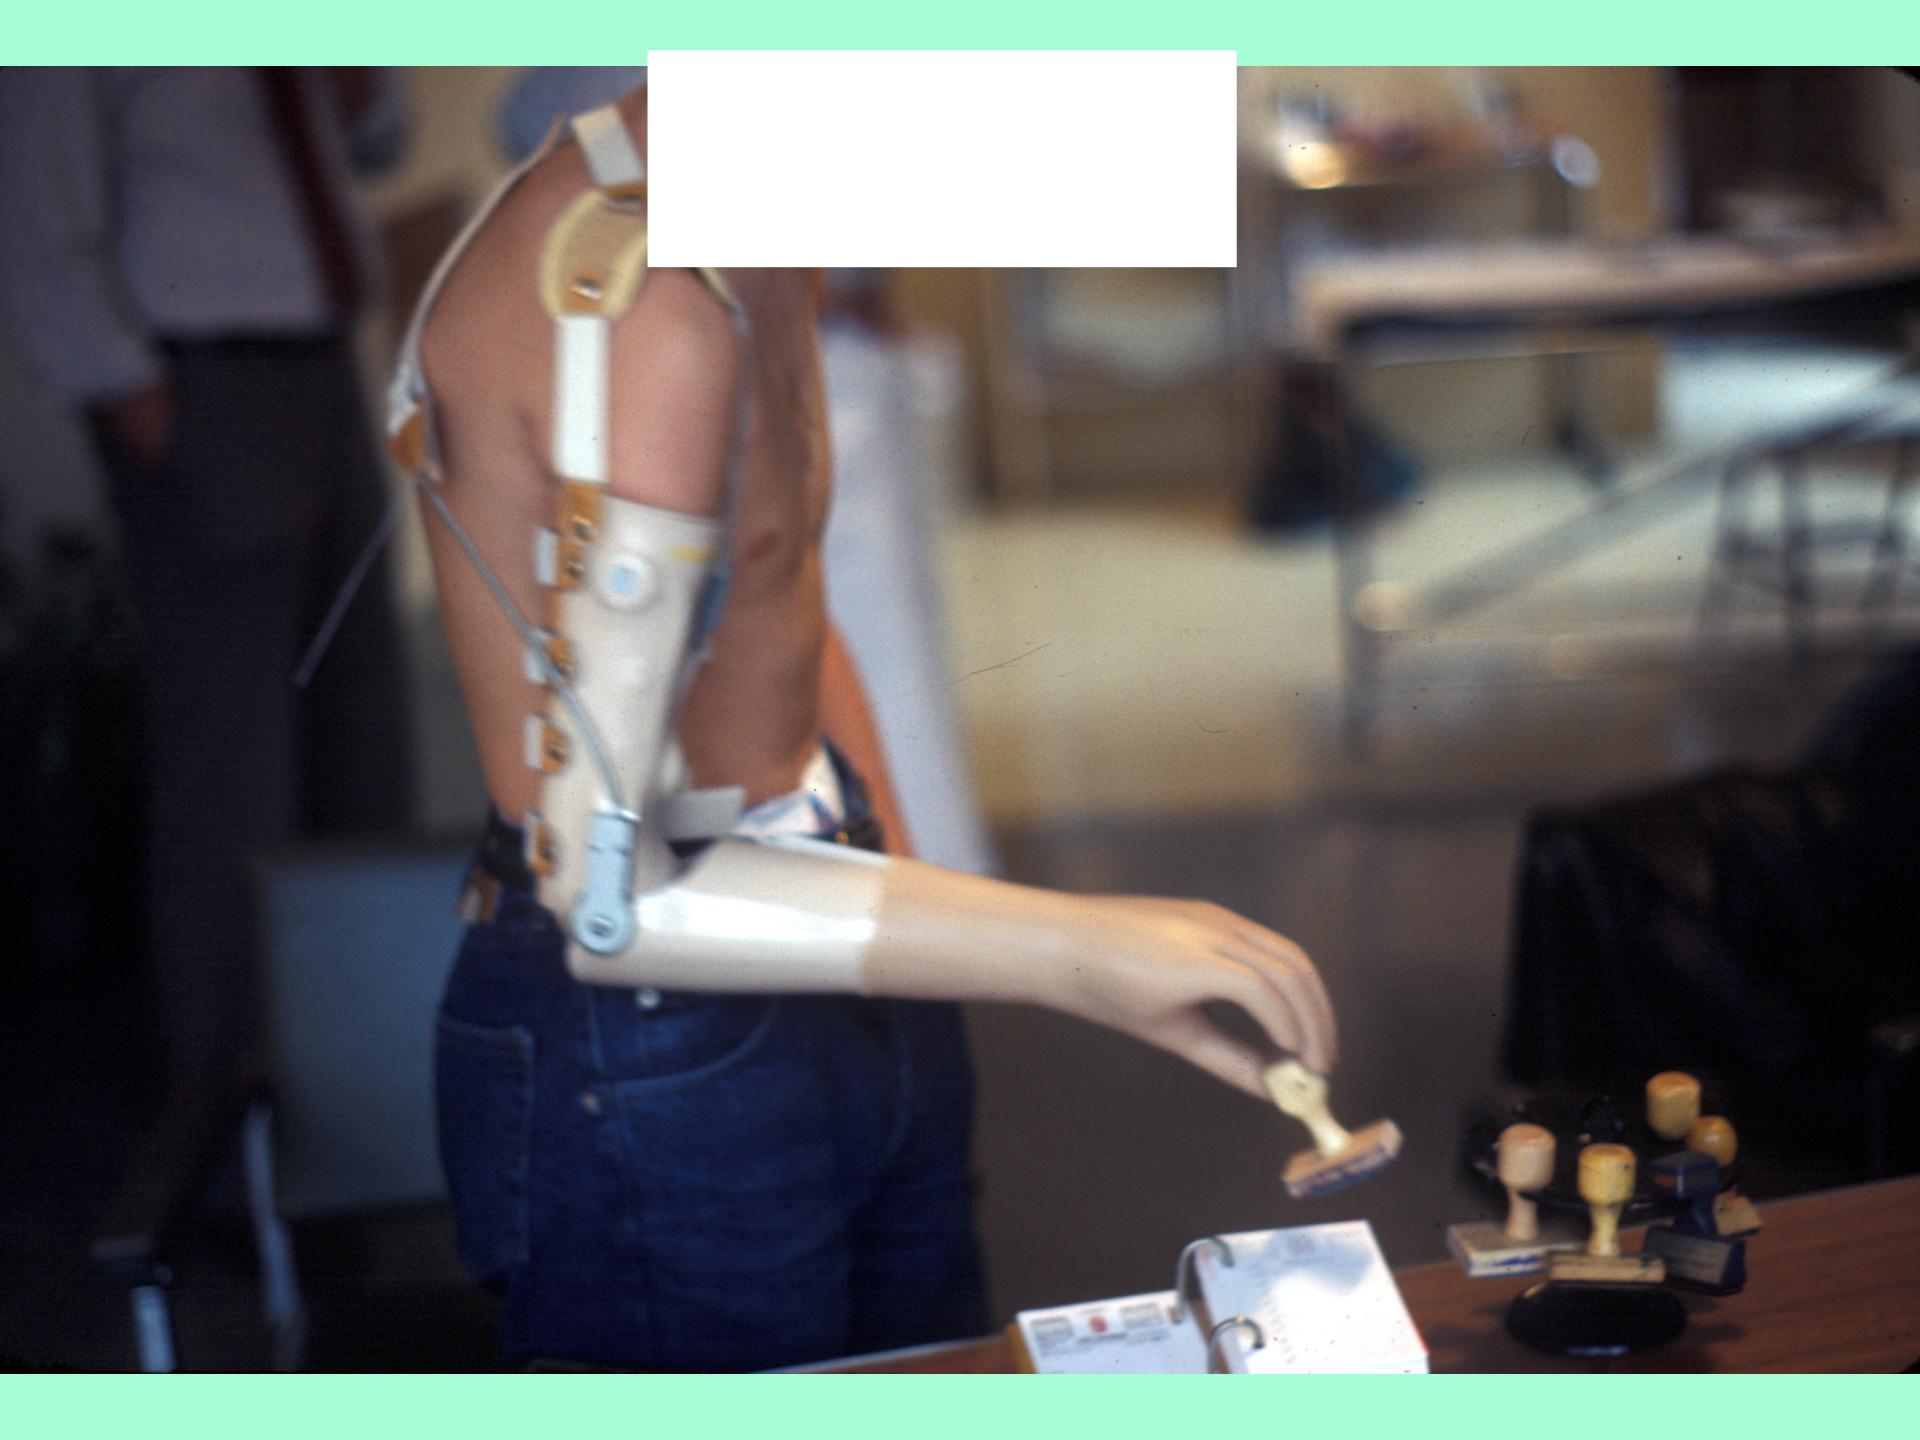

CE N'EST PAS UNA  
DE CACHE-CACHE  
DE PEPPA  
SAUF QUAND TU T'ENVAIS

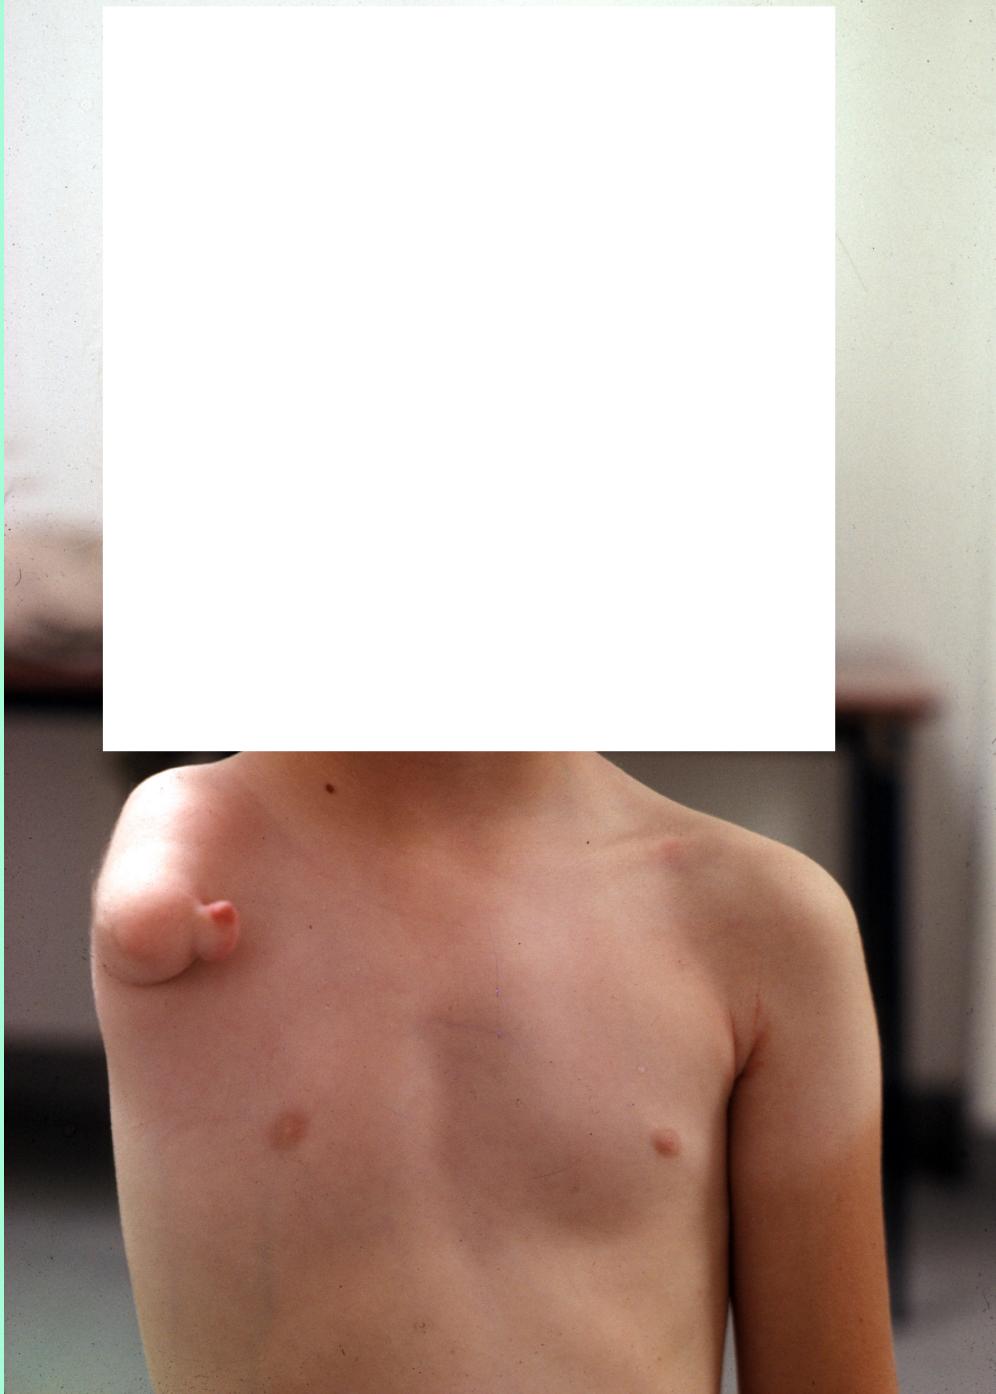

une prothèse est et doit rester  
un OUTIL

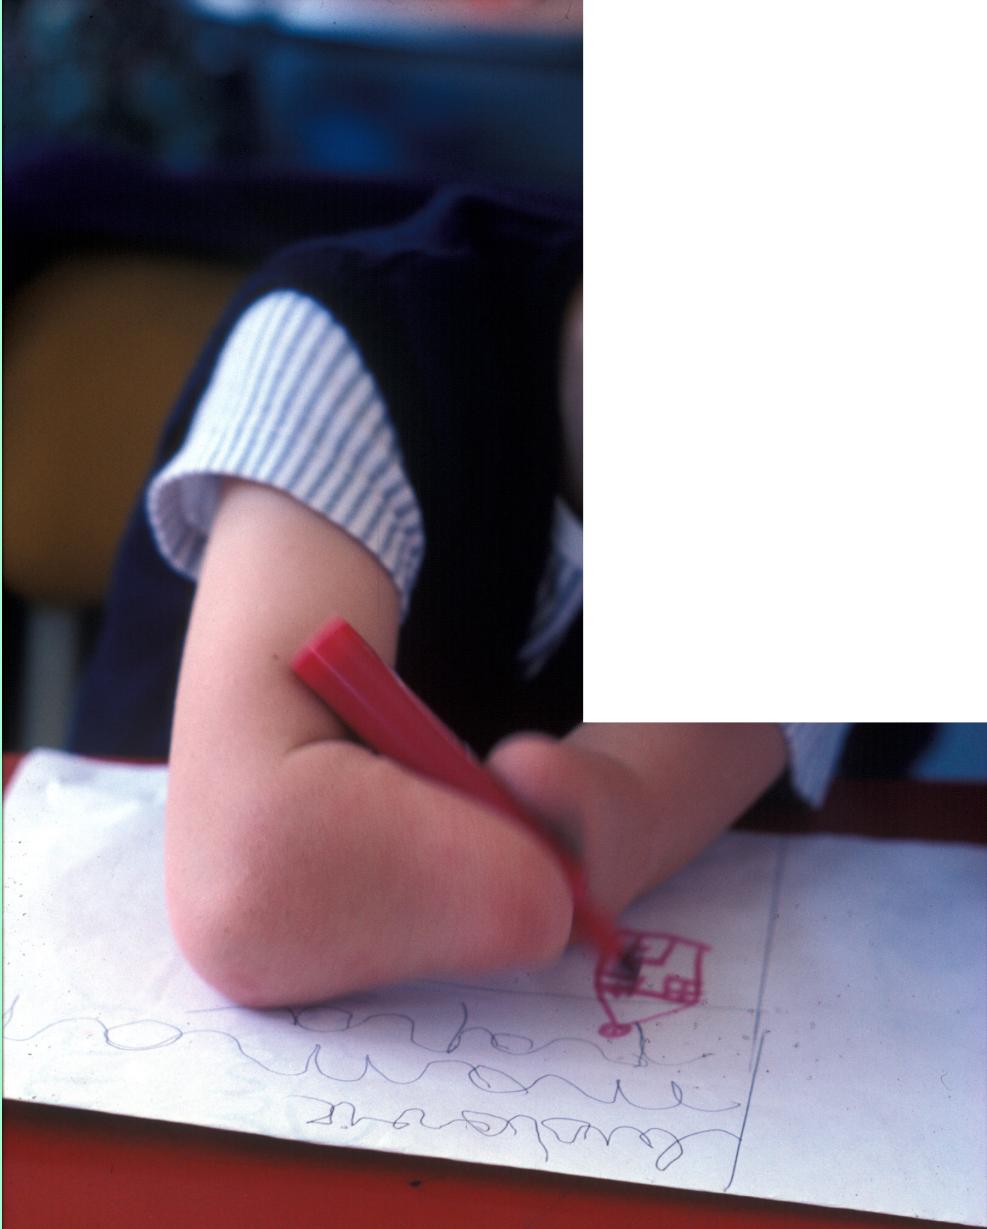

.....une histoire de valises

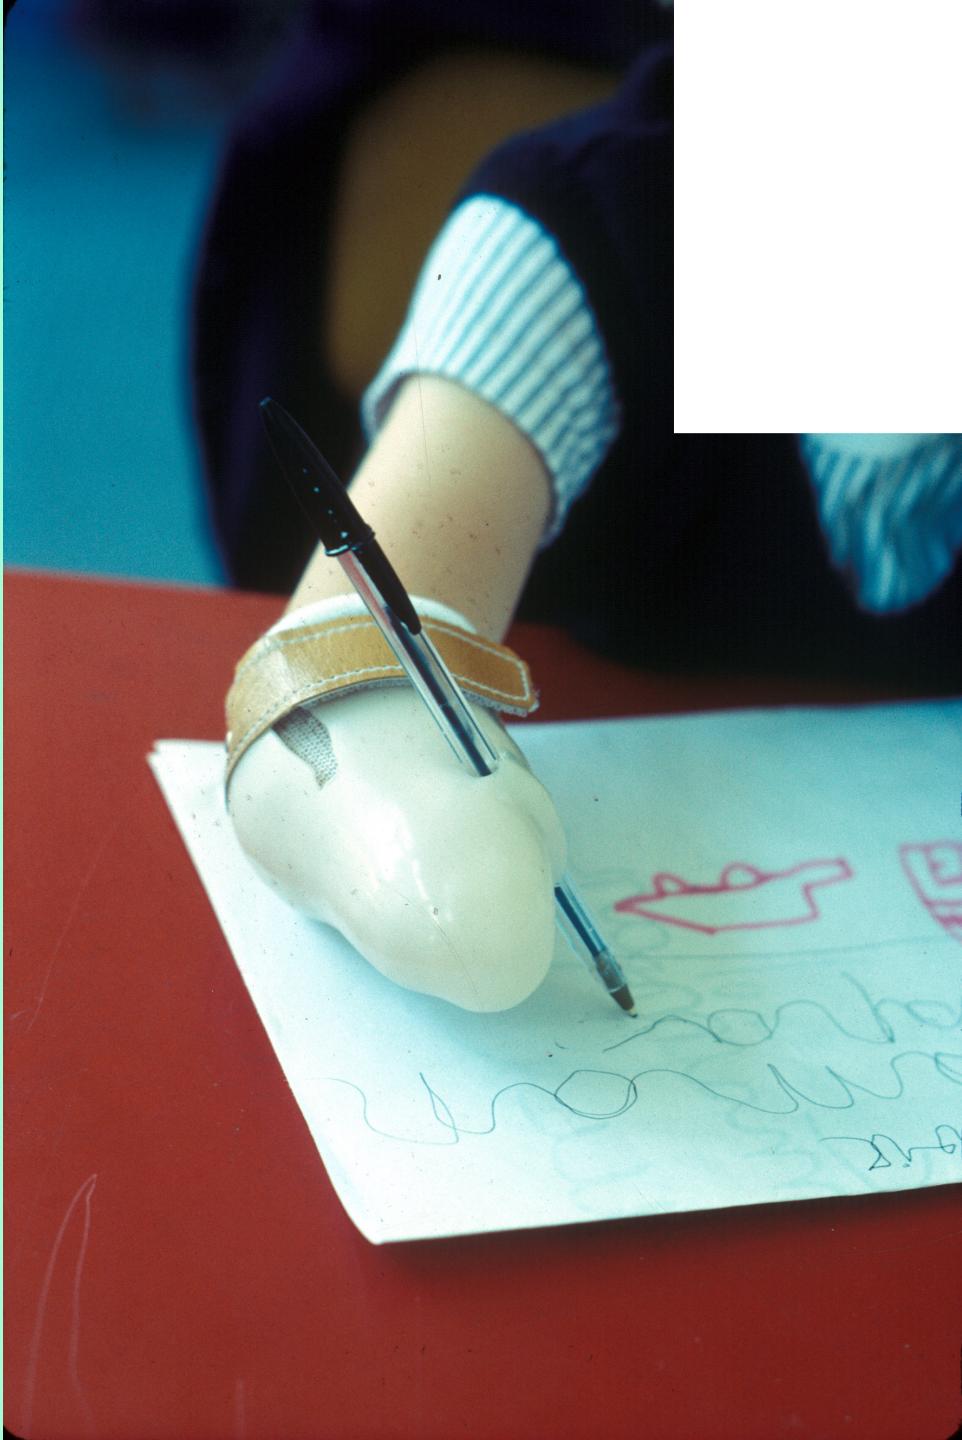

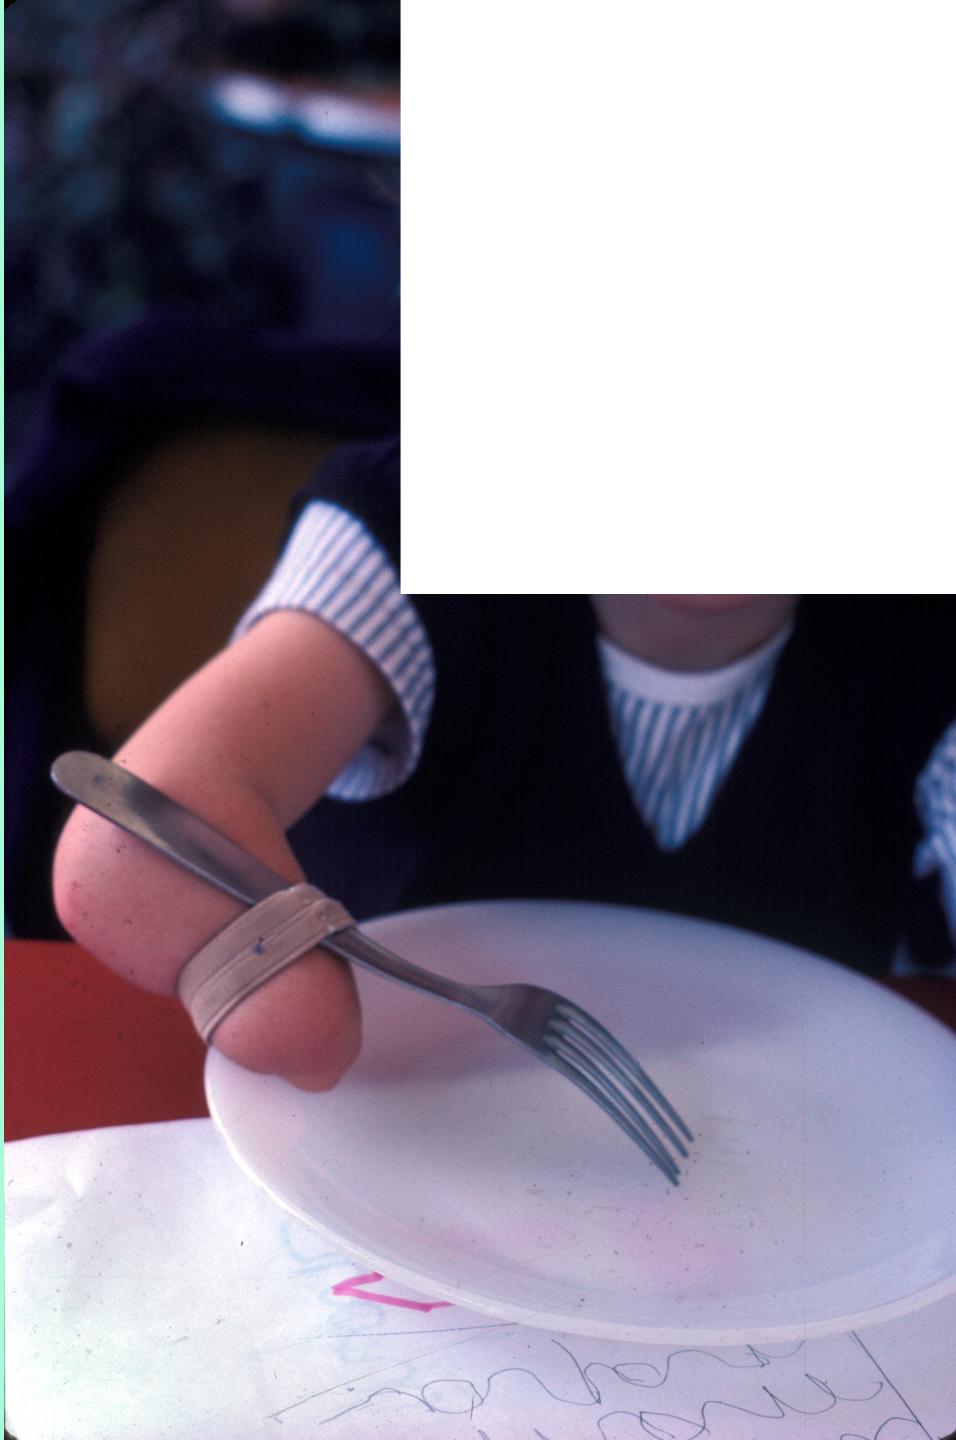

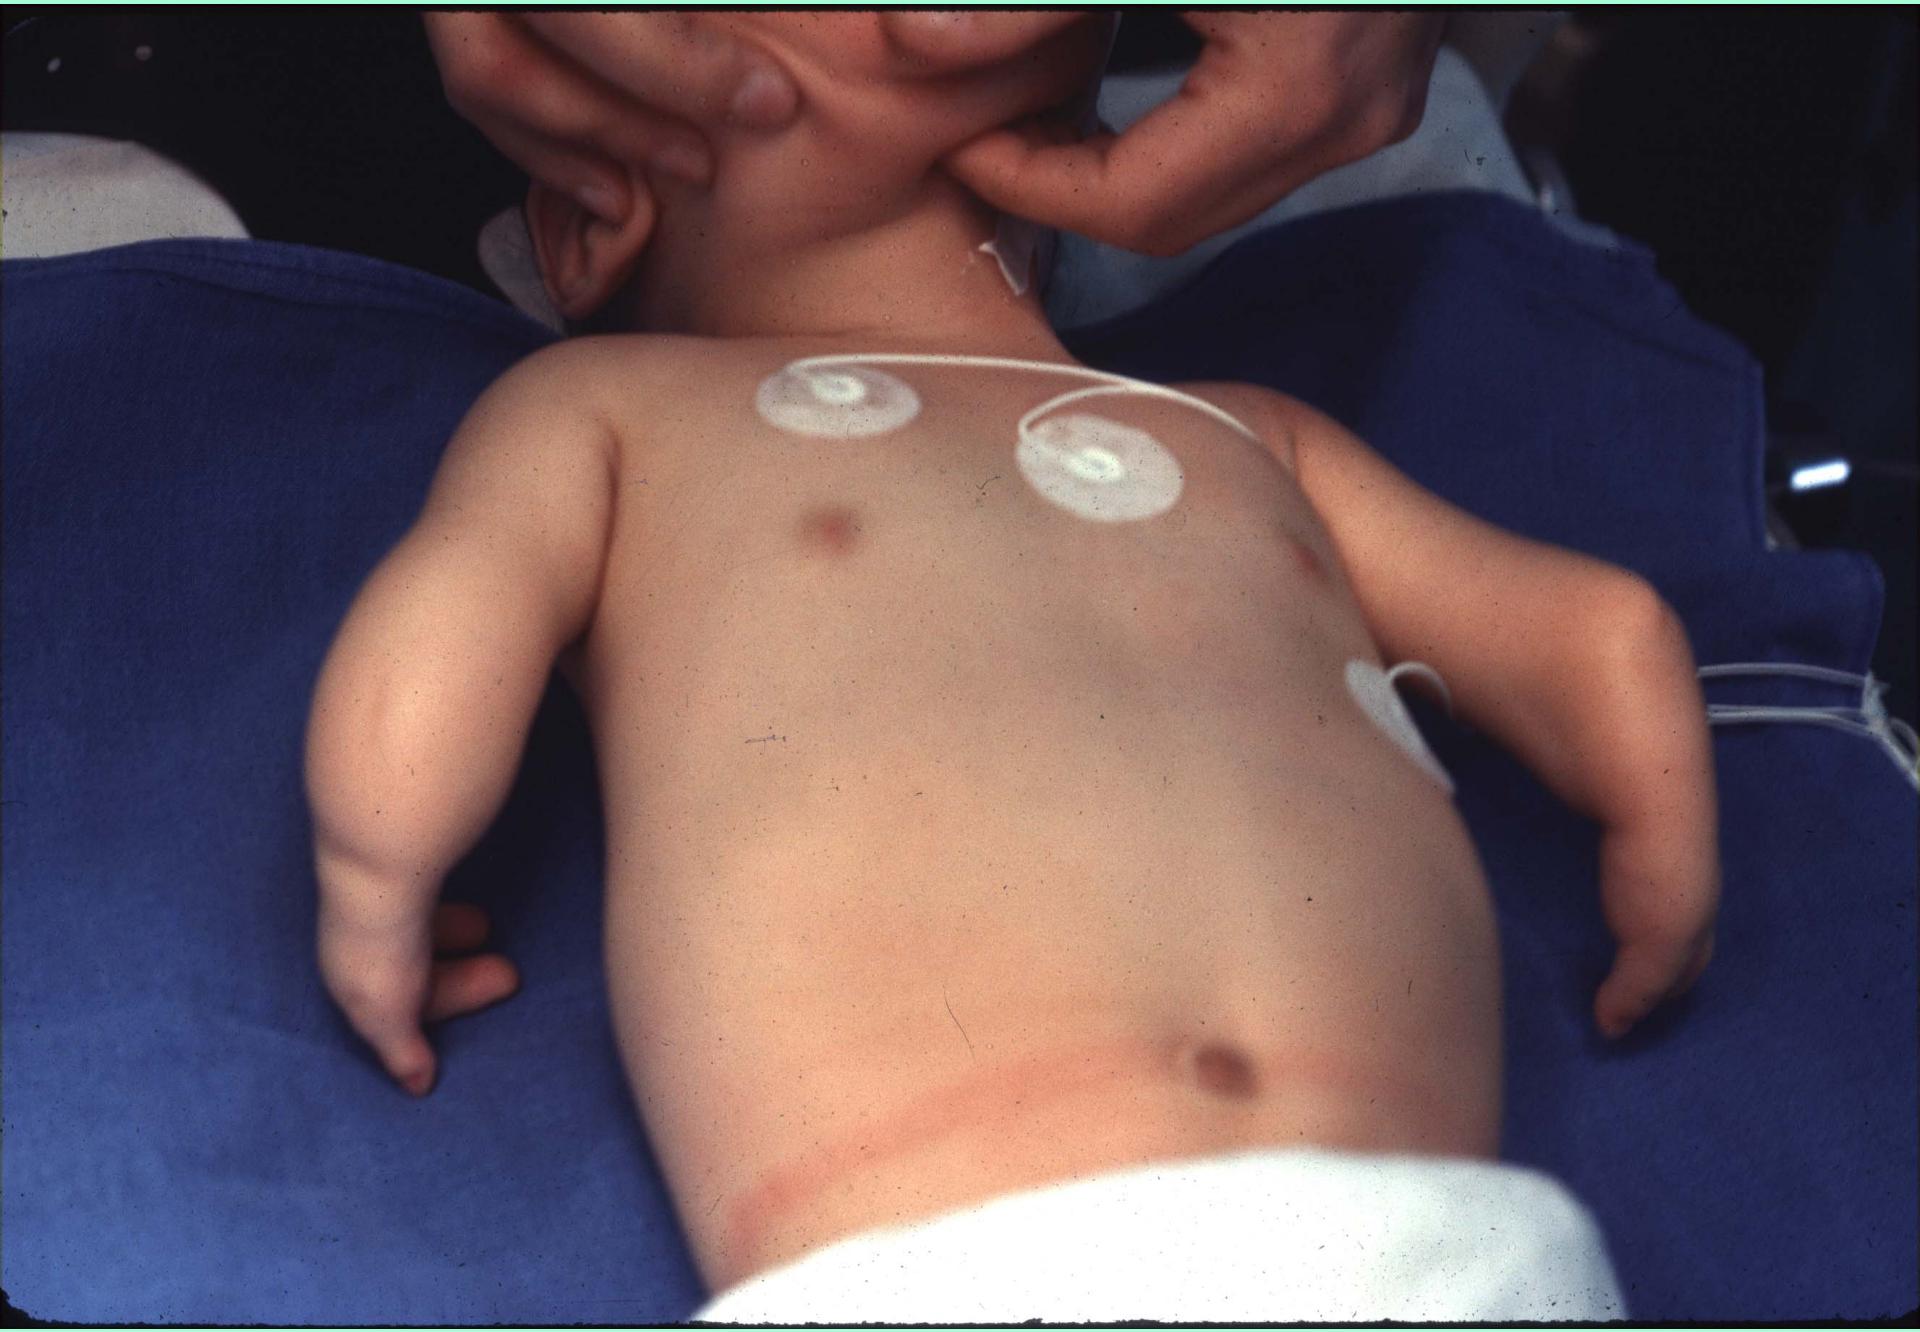

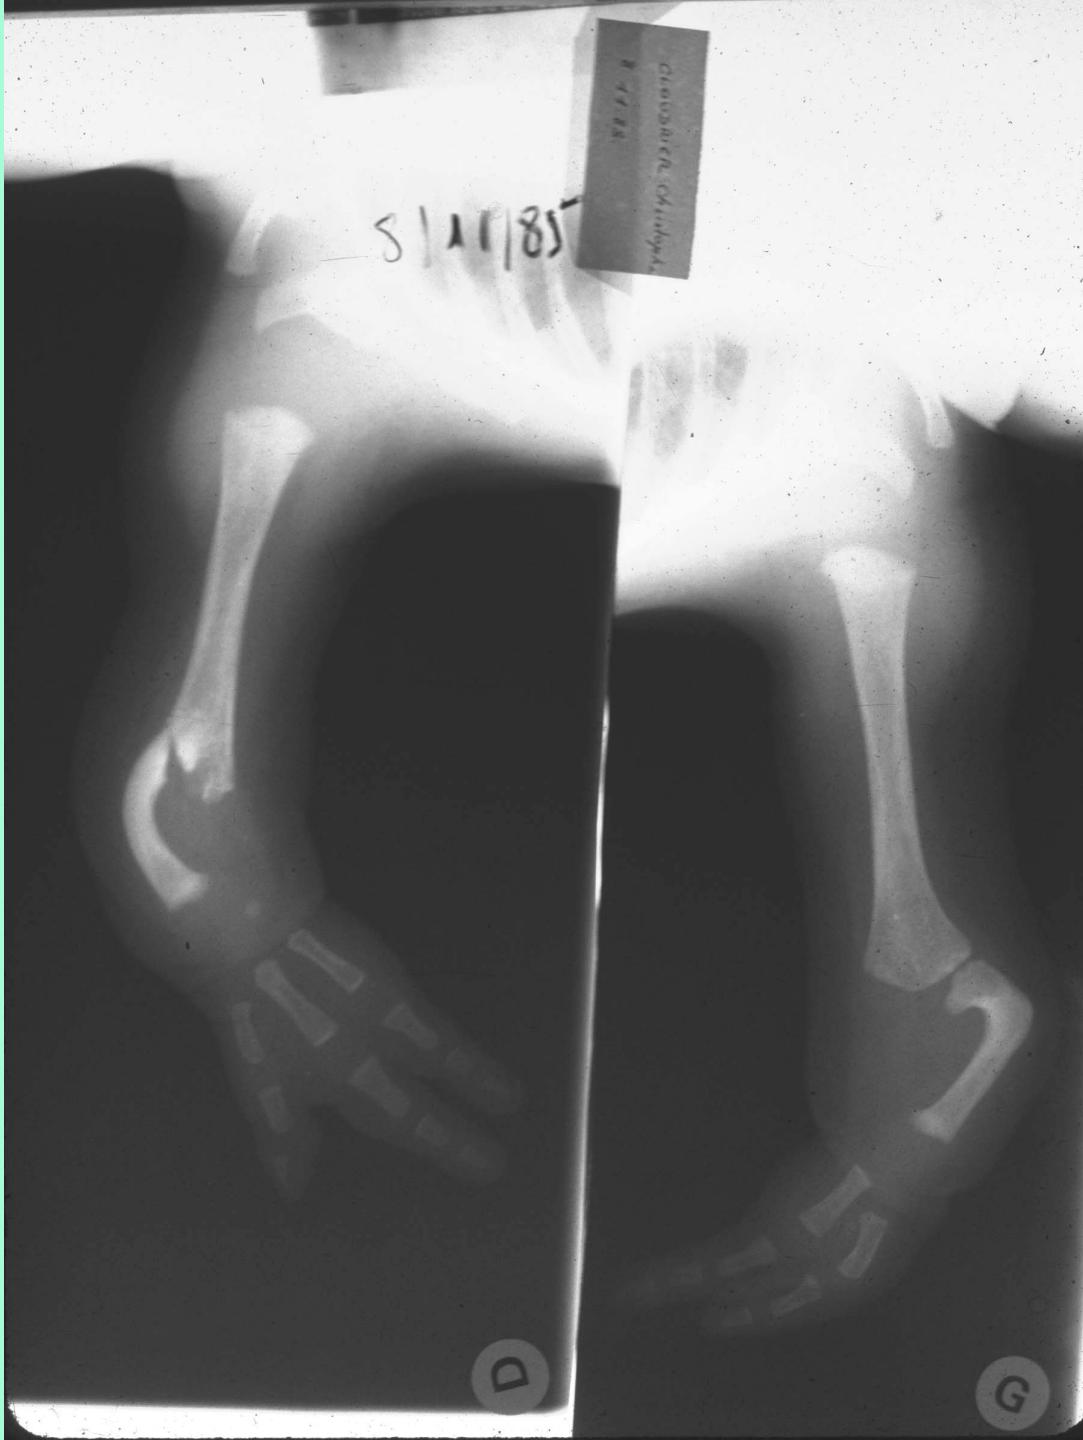

**Ne pas rater**

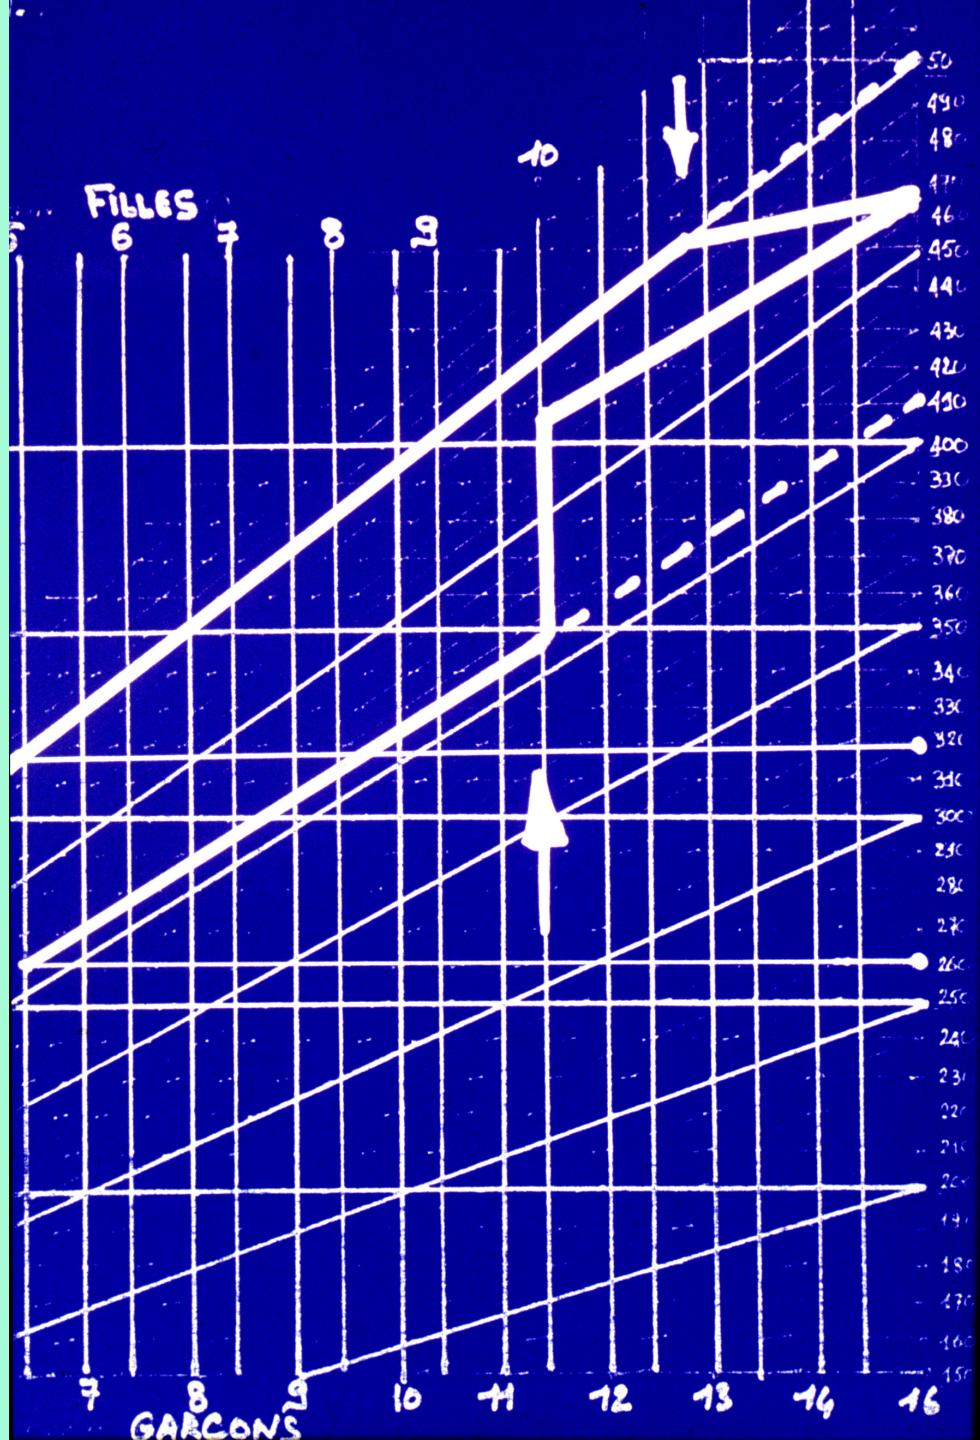

**le rendez-vous de la marche**

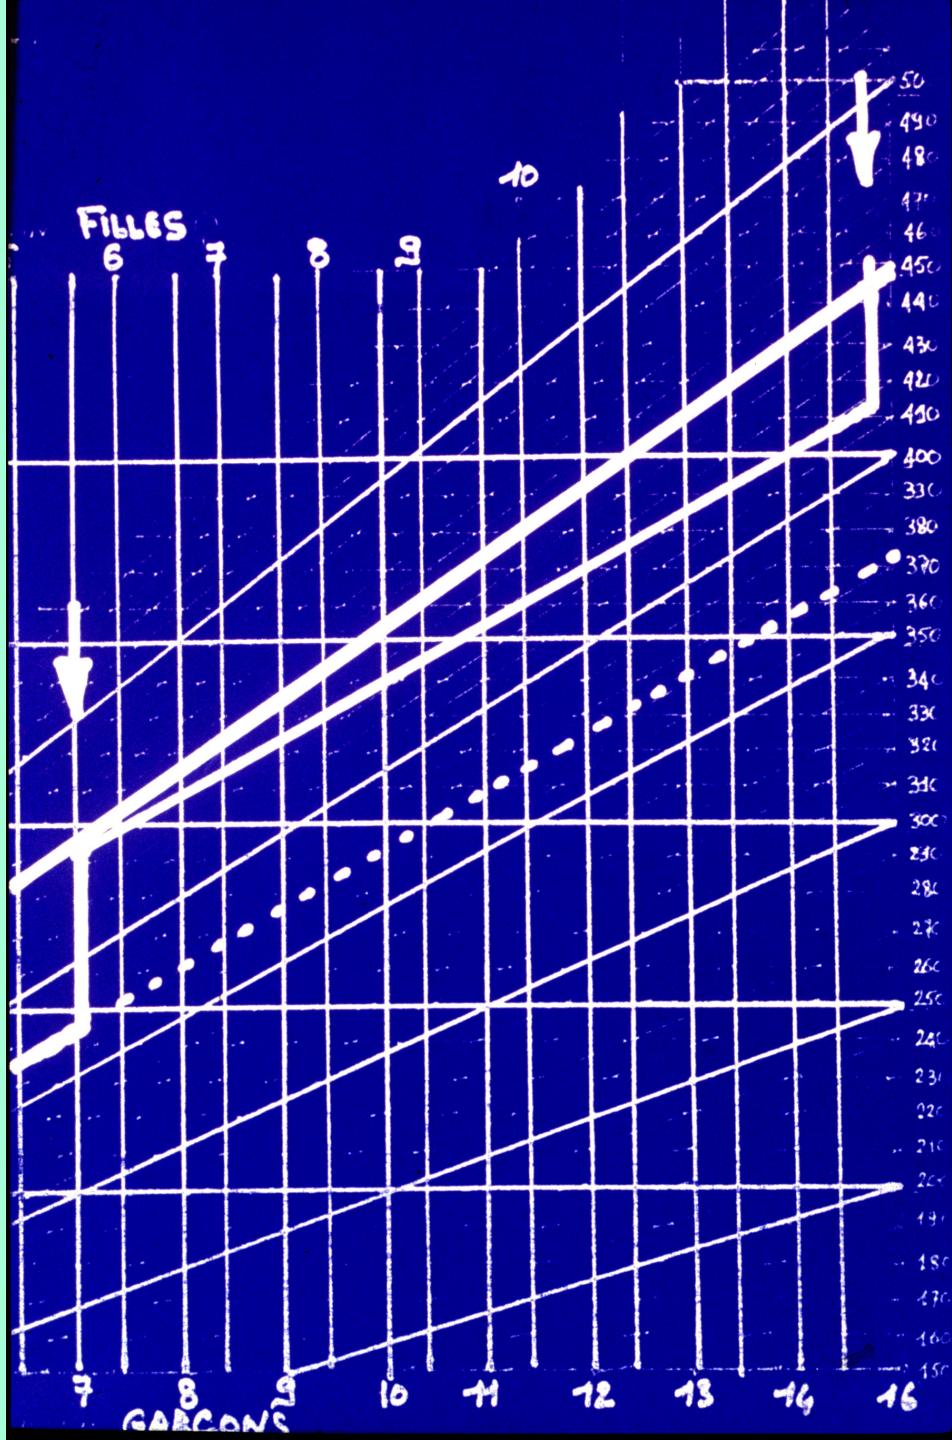

dans les Malformations des Membres

le Pourcentage d' Inégalité de Longueur

reste CONSTANT pendant la Croissance
